

Modelo breve de CV

Nombre del profesor	JAVIER RIANCHO ZARRABEITIA
Doctor/a (Si/No)	SI
Número de años de experiencia docente	9
Líneas principales de investigación	Esclerosis lateral amiotrófica Enfermedad de Alzheimer Esclerosis múltiple
Experiencia y reconocimiento profesionales relevantes para su actividad docente	Profesor asociado Dpto Medicina y Psiquiatría Universidad de Cantabria (2019-actualidad) Profesor asociado EUG (2017-actualidad) Acreditación ANECA Profesor Titular Universidad (2023) Miembro Programa Doctorado Universidad Cantabria

Formación académica universitaria (añada las filas que precise)		
Nombre del Título	Entidad	Fecha de la titulación
Licenciado Medicina	UC	2010
Doctor en Ciencias Salud	UC	2015
Máster Neuroinmunología	UC	2019

Docencia universitaria reglada impartida (añada las filas que precise)		
Titulación y Universidad	Nivel (Grado, Máster, etc.)	Cursos académicos en los que ha impartido dicha docencia
Medicina, UC	Grado	2014-15 a la actualidad
Fisioterapia, EUG-UC	Máster	2015-16 a la actualidad
Logopedia, EUG	Grado	2017-18 a la actualidad
Fisioterapia, EUG	Grado	2017-18 a la actualidad

Publicaciones científicas * 5 ÚLTIMOS AÑOS*			
Título	Tipo (revista, libro, ...)	Nombre revista o editorial	Año publicación
A novel clinical sign to assess the risk of Parkinson's Disease in patients with isolated asymmetric arm swing.	Revista	Neurological Sciences	2023
Switch to ocrelizumab in MS patients treated with natalizumab in extended interval dosing at high risk	Revista	Frontiers in Immunology	2023

of PML: A 96-week follow-up pilot study			
Characterizing SOD1 mutations in Spain. The impact of genotype, age, and sex in the natural history of the disease	Revista	European Journal of Neurology	2022
Teriflunomide-induced Raynaud's phenomenon: a serious adverse event, previously unreported	Revista	Neurological Sciences	2022
Parkinsonism associated with striatal enlarged perivascular spaces	Revista	Neurology	2022
Does extended interval dosing natalizumab preserve effectiveness in multiple sclerosis? A 7 year-retrospective observational study.	Revista	Frontiers in Immunology	2021
Bexarotene impairs cognition and produces hypothyroidism in a Mouse Model of Down Syndrome Disease	Revista	Frontiers in Pharmacology	2020
Satellite glial cells of the dorsal root ganglion: a new "guest physiopathological/target" in ALS	Revista	Frontiers in Aging Neuroscience	2020
A novel SGCE variant is associated with myoclonus dystonia with phenotypic variability	Revista	Neurological Sciences	2020
Clinical and preclinical evidences of somatosensory involvement in amyotrophic lateral sclerosis	Revista	British Journal of Pharmacology	2021
Do patients diagnosed with a neurological disease present an increased risk of suicide?	Revista	Neurologia	2020
Amyotrophic lateral sclerosis, cancer, autoimmunity and metabolic disorders: an unsolved tantalizing challenge	Revista	British Journal of Pharmacology	2021

Differences between South African and Portuguese ALS cohorts from an environmental perspective	Revista	Journal of the Neurological Sciences	2020
A snake that bites its own tail. Acquisition and loss of concepts in children and semantic dementia patients through the analysis of drawings	Revista	Cortex	2020
The role of magnetic fields in neurodegenerative diseases	Revista	International Journal of Biometerology	2020
Dermic derived fibroblasts for the study of amyotrophic lateral sclerosis	Revista	Neural Regeneration Research	2020
A comprehensive serum lipidome profiling of amyotrophic lateral sclerosis	Revista	ALS and FTD journal	2020
ALS derived fibroblasts exhibit reduced proliferation rate, cytoplasmic TDP-43 aggregation and a higher susceptibility to DNA damage	Revista	Journal of Neurology	2020
Retinal changes in amyotrophic lateral sclerosis: looking at the disease through a new window	Revista	Journal of Neurology	2021
Cognitive and behavioral profiles of left and right semantic dementia: Differential diagnosis with behavioral variant and Alzheimer's Disease	Revista	Journal of Alzheimer's Disease	2019
A brief drawing tasking for the differential diagnosis of semantic dementia	Revista	Journal of Alzheimer's Disease	2019
A time series analysis of the relationship between Apparent Temperature, Air Pollutants and Ischemic Stroke in Madrid, Spain.	Revista	Environmental Research	2019
Tonic status epilepticus in a centenarian woman.	Revista	Epileptic disorders	2019

Circulating extracellular vesicles in Human Disease	Revista	New England Journal of Medicine	2018
Amyotrophic lateral sclerosis: a complex syndrome that needs an integrated research approach	Revista	Neural Regeneration Research	2018
Retinoids and amyotrophic lateral sclerosis	Revista	JAMA Neurology	2018
Clinical evidences supporting the Src/c-Abl pathway as potential therapeutic target in amyotrophic lateral sclerosis	Revista	Journal of the Neurological Sciences	2018
Infectious agents and amyotrophic lateral sclerosis: another piece of the puzzle of motor neuron degeneration	Revista	Journal of Neurology	2019
The increasing importance of environmental conditions in amyotrophic lateral sclerosis.	Revista	International Journal of Biometerology	2018
Utility of amyloid and FDG-PET in clinical practice: Differences between secondary and tertiary care memory units	Revista	Journal of Alzheimer's Disease	2018
Unilateral isolated hypoglossal neuropathy associated to jugular paraganglioma.	Revista	Neurological Sciences	2018
Mesial encephalitis: an uncommon presentation of neurosyphilis: a case report and review of the literature.	Revista	Neurological Sciences	2018
Cellular bases of the RNA metabolism dysfunction in motor neurons of a murine model of spinal muscular atrophy: Role of Cajal bodies and the nucleolu	Revista	Neurobiology of Disease	2017
. Logopenic Aphasia due to a Strategic Stroke: New Evidence from a Single Case.	Revista	Journal of Alzheimer's Disease	2017
MicroRNA profile in patients with Alzheimer's	Revista	Journal of Alzheimer's Disease	2017

Disease: Analysis of miR-9-5p and miR-598 in raw and exosome enriched CSF samples			
Temporal trends and association with atmospheric variables and air pollutants in northern Spain	Revista	Cardiovascular Toxicology	2017
How much do Spanish Clinicians know about dementia?.	Revista	Journal of the Neurological Sciences	2017
